

Prof. Dr. Vebi Bexheti

ABDYLAZIS VESELI, A LIFE TO ALBANIAN LANGUAGE EDUCATION (1942-2008)

This article deals with study activities and the personality of Prof. Dr. Abdylaziz Veseli. His works are a valuable contribution in the field of Pedagogy at the history of Albanian language education. Particularly the article describes his valuable contribution on preschool educational publications.

He was Chairman of Pedagogical High Institute of Gjilan design to prepare teachers of preschool education. Here we can see clearly his contribution on this relatively new chain of Kosova's as well as Albania's education system. His unique academic work is very useful for scholars of today and tomorrow regarding our educational heritage.

It also highlights his cooperation with Prof. Mynevere Rusi, working on valuable publications in connection with important psycho-pedagogical aspects of preschool education.
